BOOK SYNOPSIS

This text addresses the growing need among students and faculty for information about the careers available in psychology at the bachelor's and graduate level. Many students taking a first course in psychology are unaware of the breadth of psychology and its many sub disciplines; this text gives them exposure to careers in each of the areas of psychology--including choices that students may never have considered. This text will help prospective and current students appreciate and evaluate their interest in pursuing a wide range of career opportunities available with a degree in psychology.
