BOOK SYNOPSIS

Most companies that employ a fleet of commercial vehicles look for more than commercial driver's licenses (CDL) from their drivers. Fleet safety directors want to know that their drivers have the skills to operate safely on the roads, protect themselves from injury and accidents, and best represent the company for which they drive. Fleet Driver Safety is a course developed to provide drivers with these skills and help them meet job requirements for safe driver training. The Fleet Driver Safety course covers defensive driving strategies and incidence avoidance; basic traffic laws and procedures; safe driving practices in different environments and the challenges of driving in severe weather and other extreme conditions and the use of protective equipment to minimize injuries and accidents.
