## BOOK SYNOPSIS

The year is 2108, and the North American Commonwealth is bursting at the seams. For welfare rats like Andrew Grayson, there are only two ways out of the crime-ridden and filthy welfare tenements: You can hope to win the lottery and draw a ticket on a colony ship settling off-world, or you can join the service. Andrew chooses to enlist in the armed forces. But as he starts a career of supposed privilege, he soon learns that good food and decent health care come at a steep price.
